WAR DANCE POSTPONED

Red Men Barbecue, Picnic and Celebration Set for September.

At the last moment it has been found advisable to postpone the Red Men war dance and picnic to some time in September. This is keenly regretted by ever citizen in Hayti and by the home tribe.

The chief reason for the postponement was the delay occasioned by waiting for the return of Organizer H. L. Davidson to the work, who is sick at his home in Indiana. It was hoped that he would be able to return in time to give the matter his personal attention, and not being able to return until too late to complete arrangements for Aug. 20 and 21, it is found necessary to name a new date.

Of course there are other reasons why the postponement is desirable, especially on account of the excessively hot weather and the unusual amount of sickness.

The reason the new date in September is not named is to save possible mistakes or disappointments. When all arrangements are completed and the organization perfected, the new date can be well advertised and everything pushed to a success.

Oil Company Forming.

We have it from what seems to be reliable authority that there is liable to be some lively developments in the oil prospecting business in Hayti and Pemiscot county in the near future. We have not been able to gather any definite particulars for this week, but are informed that there will be something to say as soon as the promoters can find time to talk.

A company is being formed, and a meeting of the signers was called at Caruthersville for Wednesday at 7:00 p. m.

John H. Cronan is the chief promoter, and he has worked long and hard to get the people interested and hopes to get sufficient leases to justify the start in boring. Of course if people will not lease their land no one will ever make the test, and those who desire to see oil and gas developed in Pemiscot county must make these leases, or it will never be done.

BIRDSSELL WAGONS

Buy a wagon—a "Birdsell Wagon"—because they are made to run and not to play with. This is the best wagon made, and I have just received a shipment direct from the factory at South Bend, Ind. Don't fail to see me. Sell for Cash or time.

FIVE OF FAMILY KILLED.

On Way to Church, Met Death at Railroad Crossing.

While driving to church at Frisbee Station Sunday night, five children of A. H. Hyde, a farmer, were killed by the Gulf Frisco train No. 811, which struck the wagon on a crossing ten miles north of Kennett and a mile east of the Hyde home. The dead are:

Leila Hyde, aged 23; Juda Hyde, aged 20; Jessie Hyde, aged 17; Susie Hyde, aged 12; Charles Hyde, aged 26.

When the accident occurred, the father was at home with his only other child, a boy of 14. He is a widower, his wife dying about two weeks ago.

Engineer Hardin, in a statement at the inquest, says he had whistled for the crossing, which was a narrow lane between fields of cotton and corn. As he approached the crossing he saw something white on the track, and as he got nearer, he could distinguish a man standing up in a wagon, whipping the team, but at that instant the engine struck the wagon near the front wheels.

To Cure Alfalfa Hay.

H. B. McClure, of the U. S. Hay and Forage Department, is at the Alfalfa Farm putting in a plant for the artificial drying and curing of alfalfa, which it is thought has already been proven a success, and will give the hay about 30% more nutriment. A building, or kiln, about 12x30 feet is being erected, and the tests may extend over a period of two months. We hope to publish all the particulars later.

It is the intention of the department to test two systems for the artificial curing of alfalfa, giving chemical tests, etc., and the fact that these tests are to be made on the Alfalfa Farm goes to prove that the Russell Brothers have been active.

Wants Smiths Pardoned.

Congressman Crow is urging President Taft to expedite consideration of the application for pardon of the Smiths of Scott county, who are now serving sentences for peonage. The president has given Mr. Crow no definite answer. Mr. Crow has urged the president to stir up the attorney-general in the matter, but it appears that the attorney-general is of the opinion that there are many other applications just as important and that he is inclined to consider them in their turn.

Killed By Bridge.

John D. Brantley, a fireman on the Frisco, was fatally wounded last Friday, from the effects of which he died Saturday. The accident occurred between Chaffee and Crystal City, when near a bridge, Brantley leaned out of the cab and looked back for a signal. The remains were brought to Hayti Monday morning, and entered at Woodlawn cemetery Monday afternoon, under the auspices of the W. O. W.

TO CATCH THIEVES.

To Save His Flour, L. C. Averill Sets Novel Trap.

One night last week thieves broke into the rear of L. C. Averill's store and carried away a lot of flour, etc., and now "Jack" has arranged to get even, and the next thief that enters his store will go out of the world quicker than he came in it.

"Jack" has set a trap—an arrangement of nitro glycerine that will blow a man into Kingdom Come quicker than you can wink your eye. It is so arranged that a thief cannot enter the room without getting his light put out, and is kept set only at night, the wiring being carefully removed when the store is opened mornings and everything placed on safety.

Now, if "Jack" manages to keep out of his own trap, he is liable to go down to the store some morning to find a funeral on his hands.

Hurt in Wreck.

Mrs. Babe Huffstutter was severely hurt in a train wreck on the L. & N. road, about 30 miles out of Memphis a week ago Saturday. By a careless throwing of a switch the incoming passenger collided head-on with a passenger on the siding. The incoming train, on which Mrs. Huffstutter was riding, was going at a high speed, and considerable damage was done. Besides many hurts and bruises, one ankle and foot was crushed. At last reports she was getting along nicely, at a hospital in Memphis.

Don't Forget Your Name.

Sign your name. This week the Herald received a very nice letter from a friend, which was not signed, and for that reason we could not publish it. It does not matter how important a letter is or who writes it, if it is not signed it will not be published. This is an iron-clad rule with printers. It does not mean that your name will be published, but that the printer must have your signature as a guarantee of good faith and protection to himself. Don't forget this.

Judge James W. Faris Dead.

Judge James W. Faris died at his home in Caruthersville Monday, Aug. 16. He was one of the pioneer citizens of Pemiscot county, and was an honorable and useful citizen. Judge Faris came to Pemiscot county in 1867. He has been married twice and leaves a widow, and six children by his first marriage: Hon. C. B. Faris, Dr. J. C. Faris and Robert Faris, Mrs. J. A. Cunningham, Mrs. Dr. J. G. Crider and Mrs. E. L. Reeves.

Passed to the Other Side.

Mrs. Fannie Williams, wife of S. P. Williams, after a lingering illness, died at her home Sunday at noon. Funeral services were conducted at the Baptist church Monday afternoon, and she was laid to rest in the Hayes cemetery. Mrs. Williams was a pure, christian hearted woman, loved by all who knew her, and a host of friends extend sympathy to the bereaved family.

Thaw Still Insane.

Harry K. Thaw has again been denied freedom, and it is the opinion of most people that if Thaw is as crazy as Jerome and the last trial judge he ought to be kept at Mattewan the balance of his natural life. But the chances are, that the Thaws will win out, about the time their money is gone.

Special Notice

I take this opportunity to inform the public that I have purchased the saloon business formerly known as the Tom Johnson Half-Way House, at Caruthersville. I will appreciate the patronage of my friends and acquaintances, and invite you to call and see me when in town.

DO NOT GET

EXCITED

What's the use? The man who runs over himself, gets stampeded, tears his clothes and pulls his hair every time the world doesn't wag his way, is making his own life a failure and the lives of others miserable.

Better get down to system—find the rough places and keep away from them. This is my motto in business. I know that kind and courteous treatment, honest goods and honest prices, coupled with fair dealings, will win out in the end, and will make my customers permanent.

It's a good thing to get acquainted. Don't limit yourself. The world is large, and people are different. I would like for you to come to my store and learn my ways and my prices—examine my stock carefully, and I am sure you will be pleased—not only pleased, but that we will be friends and you will be my customer, and save yourself much worry. I take care of my customers, because their interest and welfare is my own. See the point!
